This template can be used for multiple purposes:

- It enables schools to effectively plan their use of the Primary PE and sport premium
- It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium
- It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make **additional and sustainable improvements** to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated [Primary PE and sport premium guidance](#).

The Primary PE and sport premium guidance, outlines 5 key priorities that funding should be used towards. It is not

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. **All funding must be spent by 31st July 2024.**

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2022/2023)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

<p>Increase the number of pupils participating in an increased range of competitive opportunities.</p> <ul style="list-style-type: none"> • Intra: Continue to drive effective house system for engaging in competition in lesson time. Key achievements 2023-2024

This template will be completed at the end of the academic year and will showcase the key achievements schools have made with their Primary PE and sport premium spending.

Activity/Action	Impact	Comments
<ul style="list-style-type: none"> ➤ Commando Joe's ➤ The Play Maker Award ➤ Personal Best ➤ Co Delivery Programme ➤ Inter School Competition Participation 	<p>The children that have engaged with Commando Joe's range from Reception to Year 6 (all with equal opportunity to engage with it) are on a journey to build character, self-worth and confidence so that they are happier, resulting in healthier living.</p> <p>Six year 5 children that have recently participated in My Personal Best have had opportunities to discuss the importance of resilience and have had opportunities to develop their 'healthy me', 'social me' and 'thinking me'.</p> <p>Year 5 have also been able to showcase leadership skills, such as team work, communication and organisation. They have had a positive influence on KS1 children who have engaged with their lunchtime activity club.</p> <p>All of the above initiatives have provided increased physical literacy opportunities for our children, and these are in addition to the progressive curriculum we offer, our varied competition calendar (aspire, inspire and celebrate), outdoor adventures and Forest School sessions.</p> <p>As a school, children have been exposed to more competition through the VRSSP membership and the ne Trust Cup which we participated in this year. Competition fosters excellence, and this exposure to competition is increasing resilience and character building within our children.</p>	<p>There has been a real positive vibe across the school around the Commando Joe's initiative. Children have shared their experiences with their parents and there is a real interest and community feel around Commando Joe's. Lots of parents have been taking an interest in the intervention and are regularly heard commenting and questioning their children on what they have completed in the sessions.</p> <p>All classes eagerly anticipate each session and have bought into the concept of Commando Joe's.</p> <p>As well as this, post sessions, teachers are encouraged to debrief with the children about what skills they've developed and challenges they've had to overcome as a team and as individuals. Children are confident to complete the missions and regularly have to overcome challenges across which develop skills that are transferable to the classroom and to activities in their life.</p> <p>The Play Maker Award has proven to be a hit with Year 5 who have showcased their leadership skills throughout the course and have led small groups at lunchtimes ensuring children who are least physically active have an opportunity to increase their activity levels in a more structured approach.</p> <p>Competition ensures our children have a range of opportunities to apply their Hand, Head and Heart attributes to a 'real' environment.</p>
